Principals of Lincoln and Washington will hold a information session for parents who will be attending these schools for the first time. This event will be held at the respective schools on May 21 at 7:00 PM and is not a mandatory event.

Please help spread the word to families who will be new to the district next year. Registration for new students is OPEN.

## MESSAGE FROM:

MRS.  
CAUGHEY

It is hard to believe that your child is closer to being a first grader than they are to their first day of kindergarten! As your family begins to plan for the summer, consider the Summer Enrichment Academy as an opportunity to keep your child engaged socially and academically, with a different theme each week!

Week 1: Eric Carle

Week 2: Dinosaurs

Week 3: Lego

Week 4: Nursery Rhymes

More information can be found on our website!

## Let Grow

*Let Grow champions childhood, helping kids build confidence, resilience, and self-reliance through independent play and real life experiences.*

This month, your child may participate by identifying a task and working towards doing it independently. Once it is achieved, they can complete the rain drop response sheet and return it to school. This optional activity is intended to allow your child the opportunity to be independent with a responsibility or task, helping them to grow. Please return the completed and cut out rain drop no later than April 28th!
