via Parent Portal
- Mar. 28 ***Spirit Day-See calendar***

Please refer to the attached calendar for more information regarding Spirit Days throughout the month.

As always, please check our District and School Google calendar for the most current activities

MESSAGE FROM:

MRS.

CAUGHEY

To support your child's academic growth, it is important to have an established homework routine. If your child is struggling with completing their assignments, please reach out to your child's teacher directly.

In addition to assigned homework, it is important for your child to develop fluency with decoding, high frequency word identification, and number knowledge as these are the foundation academic skills.

LET GROW

The optional *LetGrow* activity for the month is attached to this newsletter. The intent of this optional activity is to support and development of your child's ability to perform a given task with independence. This is more than having them help, it is looking to expand their confidence and willingness to try and try again, or to initiate a chosen task to see through until the end. Enjoy the experience.

UPCOMING EVENTS

Read Across America

Read Across America is a nation wide celebration of reading, recognized annually on March 2, aimed at opening up the world of reading to children in every community! To foster a love of reading by our kindergarteners, we have planned a month long celebration of reading with guest readers, theme days, and fun give aways (thanks to our generous PTA). Please see the attached calendar of events for the month and encourage all to participate!

Chick Eggs Arrival

The PTA is sponsoring a chick hatching program through Quiver Farm Projects Inc. for the children at the KCenter. We are anticipating their arrival on March 4. The classes will view the eggs in an incubator daily and after a few days the eggs will hatch. The observations made each day are sure to make memories of a lifetime!

Penguin Pointer Assembly

Jenkinsons Aquarium will visit the Kindergarten Center on March 10th. Students will learn about penguins and their habitats!

Summer Enrichment Academy (SEA)

Registration will begin in early April. Information will be shared via a district email and posted on our website.

LOOKING AHEAD!!

Information regarding your child's school assignment for the 2025-2026 school year will be sent to families in late spring.

Principals of Lincoln and Washington will hold a information session for parents who will be attending these schools for the first time. This event will be held at the respective schools on May 21 at 7:00 PM and is not a mandatory event.

Please helps spread the word to families who will be new to the district next year. Registration for new students is OPEN.

IMPORTANT REMINDERS

Dress for the Weather

Students go outside to play on a daily basis. Remember to label all additional clothing items. Children will not go outside if it is raining or heavy snow, however, if you decide to send your child in boots for inclement weather, please send a pair of should that they can participate in PE or outside play if applicable.

Extra Set of Clothes

If a child has to use their extra set of clothes, please be sure to send back a fresh pair of clothing promptly.

Playground

Parents/Guardians MUST supervise their child's play after school. Safety is a priority at all times. Your cooperation is appreciated.
